EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kathryn Marra on March 3, 2005.

The application has been amended as follows:

Please cancel claim 13;

In claims 14, 15, 16, 17 and 18, line 1, please change "13" to --11--;

Please rewrite claim 11 as follows:

11. (Currently Amended) An extendable bumper system for a modular vehicle, the extendable bumper system comprising:

a bumper structure located on a moveable platform;

a laterally extending bumper segment slideably located within the bumper structure; and

a lateral bumper rail located on a body pod and configured to receive the laterally extending bumper segment; and

an actuator configured to extend the bumper segment into the lateral bumper rail;

wherein the actuator is responsive to an impending impact at the vehicle such as to cause the laterally extending bumper segment to slideably extend, thereby affording vehicle protection in response to a side or near side impact.

Art Unit: 3612

2. The following is an examiner's statement of reasons for allowance: the independent claims now include the limitation that the extendable bumper is slideably extended in response to a vehicle's impending impact, which is not found in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
